

Pure Processing's 6th annual **Sterile Processing Week Battle Ready Challenge** sets up interdepartmental teams in a duel to achieve the ultimate in clean. SPD contenders will receive team pins, a poster, and an activity guide of fun competitive activities. Train yourselves and challenge your colleagues to determine who is most battle-ready!

Pins, posters and a downloadable activity guide will be distributed in toward the end of September.

A **Battle Ready Sterile Processing Education program** will also be launched in mid-September for those technicians in need of CE credits to deliver the knock-out punch on SSIs.

To participate

- Teams must request pins from:
<http://pure-processing.com/spweek2020>
- Reprocessing teams must also follow Pure Processing on LinkedIn, Instagram, and/or Facebook and share videos or photos of their with pins and poster on social media.
- Post photos/videos using the hashtags #SPWeek2020 and #PPBattleReady.

Winning departments will be awarded with a year-long Victory Lap:

- recognition within their facility and department
- recognition at Pure Processing's IAHCMM 2021 "Battle Ready" stations
- featured on Pure Processing's upcoming education platforms
