Accessing Your IAHCSMM Account

Step 1) Visit https://myaccount.iahcsmm.org and select “Forgot your password?” to set up your password in our new system. A verification code will be emailed to you to complete the process.

Step 2) Once you’re logged in, select “View/Renew My Certification” from the “Certifications” dropdown menu.
Step 3) As long as your application status is “In Progress”, you may access it by clicking on “View Application” and then selecting to “Resume Saved Application”.

Note: if you hold more than one certification with IAHCSMM, you will need to complete each application. Please complete your CRCST first if applicable.

Step 4) Walk through the application steps in order to upload your Continuing Education (CE), agree to the Statement of Understanding, and submit your renewal fee.

Once your payment is submitted in full, IAHCSMM staff will review your application for processing.
