Monitoring Monitors: Why quality assurance
is important - 1.0 CE

Mobile Instruments (in person)

Shane Manor and Pat McAllister

Special CS Game – Jeopardy, Polish your CS
skills! – 1.0

Finally, we get to meet in person if you choose to. But, if you rather stay in the comfort of your home, BCSA will email your certificate to you, so we will need to make sure we have your correct email address in order to send those to you. If you wish them to be by USPS, your home address will be needed. Please contact Ann or Roni for those to be sent to you.

The at home method will get you 2 CEs and coming in person is 3 CEs. If you attend Sycamore, we will have refreshments.

**We will follow all safety measures for safe socialization.

Buckeye Central Service Association is trying to find ways to keep our members engaged and able to get some credits for annual certification(s) renewals. Although this year has been difficult due to Covid-19, we hope everyone understands.

Our first online meeting was successful and being very happy to have place to host us, if you are not in the comfort zone yet, we understand, but if but you are, come join us.

We look forward to seeing you all again.

Thank you for your patience. Stay strong, safe and healthy!

The Board of BCSA
