

## Saturday, April 27

### **StrengthsFinder™ Workshop:** *\*separate fees apply*

(4 CE)

*This workshop will be held once in the morning from 8am – 12pm, and will repeat in the afternoon from 1pm – 5pm.*

Research demonstrates that people succeed when they focus on what they do best. When they identify their talents and develop them into strengths, people are more productive, perform better, and are more engaged. As a busy CS professional, sometimes we need a pause button. A day to reflect, check in and re-group. What's working? What isn't? How am I showing up in my life and in my work? Am I living from my strengths or are my fears and self-doubts running the show? This workshop will provide space for questions such as these as well as answers through a day of learning about your strengths, connecting, self-care and concrete tools to rejuvenate, inspire and empower.

### **A Fresh Look at CS Management:** *\*separate fees apply*

(3 CE)

*This workshop will be held once in the morning from 8am – 12pm, and will repeat in the afternoon from 1pm – 5pm.*

*The workshop consists of nine sessions, each lasting 20 minutes.*

Central Service departments are continually challenged to meet high expectations. Today's CS leaders need to be equipped with the most relevant knowledge, skills, and tools available in order to be prepared for tackling some of healthcare's toughest challenges. During this workshop, attendees will have the opportunity to gain rapid knowledge and insight from many of the industry's leading experts on the topic of management and leadership, both tactile and abstract, to help move their department forward and prepare staff to meet challenges head-on.

### **Educators Forum:** *\*separate fees apply*

(3 CE)

*The Forum will start with a lunch at 12pm, and will be followed by three sessions, ending at 5pm.*

The IAHCSMM Educators' Forum provides individuals involved in CS education with updates on CS education and information on teaching techniques. This session will provide an update on the overall education efforts of IAHCSMM.

### **Hands-On Labs & Workshops:** *\*included with full conference purchase*
